Professional Summary

Motivated and Adaptable Full Stack Developer with hands-on knowledge of Python, Django and Angular. Passionate about continuous learning and staying updated with the latest tools and technologies. Having transitioned into this field driven by genuine interest and awareness of emerging AI opportunities, committed to involving my skills and contributing effectively to building a secure environment.

EDUCATION

Technodot Academy of R&D&I, Malappuram, Kerala, India — Full Stack Development

February 2025 - October 2025

Completed full stack training where I learned Python, Django, Django REST Framework and Angular. Built web applications by connecting backend logic with databases and creating responsive frontends. Worked on projects that included user login systems, CRUD operations, API integration, and basic deployment.

National Institute of Open Schooling, Malappuram, Kerala, India — Plus Two

March 2023 - April 2024

Completed Higher Secondary in Humanities Field. Studied Data Entry as part of the curriculum, gaining practical experience in Microsoft Word, Excel, and PowerPoint. Developed good communication and computer skills through academic studies.

EXPERIENCE

Febno Technologies, Malappuram, Kerala, India — Full Stack Developer

October 2025

Completed Python Django Angular Full Stack training and internship at Febno Technologies Pvt. Ltd. (Oct 2025), contributing to real-world project development.

PROJECTS

CodeYatra — Online Tech Course Platform

Built a tech-based course platform where users can sign up using email or Google authentication (OAuth), enroll in courses, and customize their user profiles.
